

# DSS Working Group Report

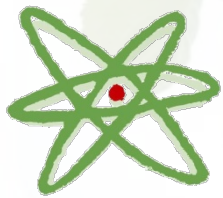

**Dany Bylemans**

**Eufirin Board Meeting, Leuven (B), 10 November 2016**

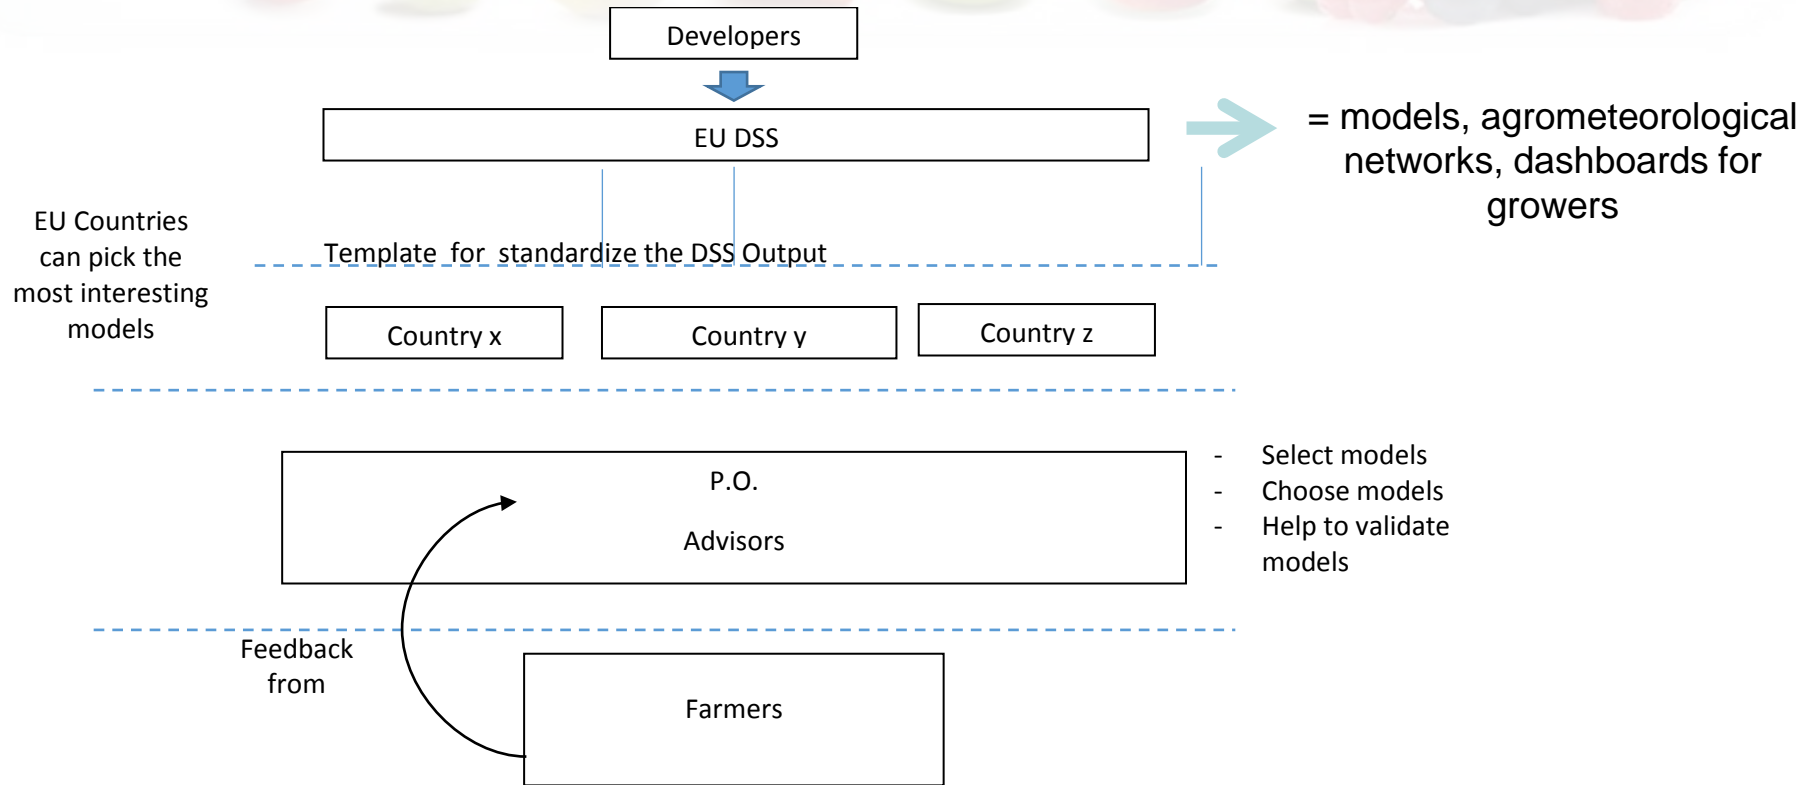

# EUFRIN WG DECISION SUPPORT SYSTEMS

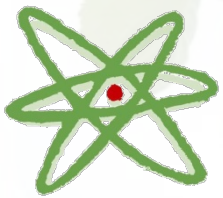

- Started in 2014      Chair: Dany Bylemans, pcfruit, BE  
                                 Secretary: Luigi Manfrini, Univ Bologna, IT
- Members/interested people from 11 countries:  
**BE, CH, DK, FR, HU, IT, LT, NL, PT, RO, UK**
- Last meeting: November 8 th 2016 (webconference)
- Next meeting: July 2017 (to be confirmed)  
@ 11th International Conference for Precision Agriculture  
16-20 July, Edinburgh, Scotland/UK

# Objective of the WG DSS

Give a broader access (“resilient”) to the scientific knowledge in term of geographical diffusion of the models/protocols used in precision horticulture; give the possibilities to obtain more information about the crops studied by better services results; increase the IPM and improve/optimize the productions by better orchard management and awareness.

## It would help to have a project (€)...

- COST action?
- Eranet ?
- Thematic Network starting from OG's?
- Internet of things – open call (join ICT + Agri money)
  
- Problem:
  1. Coördination, networking
  2. Research (= making of the platform, connecting agrometeorological networks, ...)
  3. Implementation – Transfer to growers
